Are the vegetables special? Did you \*grow the vegetables for the pizza?

Hiroko : No, I didn't grow any vegetables.

Jeff : Then, did you make the sausage?

Hiroko : No, I can't make it. I bought it at the supermarket.

Jeff : I see. Well, it is the cheese, right?

Hiroko : That's right! You may be surprised, but the cheese is made from rice! Did it taste like rice?

Jeff : No, not at all! [ B ], so I can't believe that the cheese is made from rice. It is very surprising to me.

Hiroko : I was also surprised to know that this cheese was made from rice. When I found it at the supermarket, I wanted to use it for my pizza. I think that rice cheese is great food for us.

Jeff : Why do you think so?

Hiroko : First, it is easy for Japanese people to get rice because most of the rice we usually eat is made in Japan. That means we can make rice cheese in Japan. Second, people who \*are allergic to milk can also enjoy eating cheese pizza.

Jeff : Oh, that is good news for my brother. He is allergic to milk, so he has never eaten milk cheese pizza. He should try rice cheese pizza someday.
